## Building Briefs: Letting at Pannal;

27th November 2009

By Ian Briggs - Deputy Editor

INDUSTRIAL property specialist [Gent Visick](#) has completed the latest in a series of successful lettings at Pannal Industrial Park near Harrogate.

The Leeds-based company has introduced Caterlyne, a supplier of hygiene products to the catering and healthcare industries, to a 5,620 sq ft unit at the former Dunlopillo site.

Caterlyne has taken a seven year lease at Pannal, in premises which have been fully refurbished, including the addition of first floor offices and recladding to the production area at the rear of the unit.

Nick Prescott, of [Gent Visick](#), said: "We've already succeeded in bringing a really diverse tenant mix to Pannal, and the Caterlyne letting is another great addition to the business community at the park."
